## Summary

I am currently a route driver/service representative interested in switching over to the world of web development. I have chosen to take the self taught path so I am able to better understand the concepts and importance of each topic. Doing so helped me to strengthen my problem solving abilities and focus. The next step for me to become a more proficient developer is for me to be able to contribute and learn from a team which will help me adopt the developer mindset.

## Experience

### Driver/Customer Service Representative

03/2019 - Current

Paramount Coffee | Mineola, NY

- Display excellent organizational skills by pulling customer orders and loading them in the order of which they will be delivered.
- Locate commercial parking within appropriate distances of delivery, despite limited availability.
- Confirm that the contents of the delivery match what is listed on the invoice with receiver and collect payment.
- Responsible for dealing with client ordering/issues such as product knowledge, pricing issues, and scheduling machine repairs.

### Valet Manager

05/2013 - 10/2019

Elegant Valet Service | Carle Place, NY

- Greeted incoming hotel guests and explained the fees associated with parking, making note of the correct vehicle, and personal information / parking location.
- Filled out damage reports upon any customers request.
- Assisted other departments of the hotel by storing luggage or transporting luggage.
- Interviewed and trained numerous candidates and fired incompetent personnel.
- Responsible for making sure all customers receive their vehicle in an orderly and timely fashion.

### Theatrical Teamster

08/2017 - 02/2018

Local 817 | Great Neck, NY

- Responsible for passenger van shuttle, transporting background, actors, PA's, or any production staff from set location to basecamp or holding locations throughout the day. As well as office runs, film drop offs, and crew pick up/drop off at the beginning/end of the day.
- Must be early to every van or crew pickup to ensure that lateness will cause any issues to cost production.
- Unloading or loading and transporting any type of equipment used for the creation of sets. (construction, set dressing, props).
- Knowledge of the boroughs and Long Island, because of set locations constantly changing and frequently reporting to new captains.
